

JOURNEY OF THE HEART

“The same stream of life that runs through my veins night and day runs through the world and dances in rhythmic measures. I feel my limbs are made glorious by the touch of this world of life.”

— Rabindranath Tagore

Journey through the Healing Arts of Guided Meditation and Music

In our deepest embodiment and intimate connection with the earth, we are sacred vessels and radiant expressions of the heart of the divine. I invited you to join me in initiatory journeys inspired by guided meditations and music. Together, we can access archetypal imagery and remembered rhythms to express our innocent essence, empowerment and ancient wisdom. I offer private sessions in-person and on the telephone. My medical intuitive practice of 20 years includes working in medical clinics with doctors to offer patients integrative care. I co-create workshops in collaboration with doctors, musicians, artists and producers.

“Elizabeth has helped me immeasurably in the sessions I have received from her. I experience the work as powerfully transformative and filled with love. She is a spiritual force in her own right.”
— Amitav Jordon, Meditation Teacher, New York, NY

“I am definitely eager to go on the magical mystery tour with Elizabeth again. Where does the magic end? My time with her is centering and calming; a perfect antidote to the hectic nature of my everyday life.”
—David Heyman, Producer, *Harry Potter*, London, UK
